# Fees and Charges

## Fees and Charges for 2025-2026

In accordance with s. 608 of the *Local Government Act 1993* Council may charge and recover an approved fee for any service it provides other than a service provided, or proposed to be provided, on an annual basis for which it may make an annual charge under s. 501 of the *Local Government Act 1993*.

A list of the fees to be charged by Council for the 2025-2026 financial year is set out in the attached Schedule of Fees.

Each fee within the Schedule of Fees has been determined using one of four pricing policies (as per the table below). The pricing policy used as the basis for determining each fee within the Schedule is disclosed in the Schedule of Fees.

## Categories of Pricing Policies in Respect of the Schedule of Fees

Code	Category Description
A	Price charged for this good/service is a statutory charge set by regulation.
B	Price charged for this good/service reflects benchmarked market price. Full cost of providing the goods/services plus a margin.
C	Price charged for this good/service reflects full costs to provide the goods/services. Full cost of providing the goods/services.
D	The price of this good/service is set at a level to make a contribution towards the cost of providing the service. With the remainder of the costs being subsidised by Council in the provision of this service.

The fees shown in the Schedule of Fees are determined after allowing for the normal inflationary growth in the cost of providing these services. However, where the fee is based on the costs of providing the service, and those costs increased extraordinarily during the year, Council reserves the right to amend the fees to recover the cost increase.

Fees levied under Category A are not at the discretion of Council as they are set externally by other levels of government or other State Government Departments and are subject to amendment in accordance with changes to the applicable legislation. If Category A fees and charges are amended after Council has adopted the 2025-2026 Fees and Charges the amended fees will not be subject to public advertisement as Council cannot determine the amount of the fee or charge, and they will be applicable from the date advised by the government authority concerned. This includes any changes to the application of GST.

Some of Council's Fees and Charges have been calculated to pass through any applicable levies or taxes from NSW State Government (for example the EPA levy on certain waste types). The Fees and Charges for 2025-2026 have been updated based on the latest information available.

## Council's Authority to Waive or Amend Fees

Section 610E of the *Local Government Act 1993* allows Council to waive payment of, or reduce a fee in a particular case if it is satisfied that the case falls within a category of hardship or any other category that Council has determined it may consider waiving payment, or reducing a fee for this category.

Category	Category Description
<b>Hardship</b>	Where there is evidence that the payment of the fee or charge will impose unreasonable financial hardship on the applicant given their circumstances.
<b>Charity</b>	Where the applicant is a registered charity, and the fee is for a service that will enable the provision of charitable services.
<b>Not for Profit</b>	Where the applicant is an organisation that holds not for profit status and the fee is for a service that will enable the achievement of their objectives and betterment for the Central Coast community.
<b>Commercial</b>	To attract functions or activities to the Central Coast Local Government Area, where there is a longer-term benefit to the Central Coast community.
<b>Natural Disaster Relief</b>	Where the applicant has been adversely impacted as a result of a natural disaster. Waiving of any fees is subject to Council resolution.

The following principles will be considered when applying any reduction or waiver of a fee or charge:

- compliance with statutory requirements
- fairness and consistency
- integrity
- equity
- transparency
- commerciality

The Council will directly, or through delegated authority, assess and make determinations on requests for reduction or waiver of fees in accordance with the above categories.

## 26. WATER AND SEWERAGE

All prices for water and sewerage ancillary services for 2025-2026 are in accordance with IPART's final determinations issued on 24 May 2022.

All prices per the final determinations were made in 2022-2023 dollars. This is a 3-year indexation rate comprising of the CPI increase for the March Quarter 2022 to March Quarter 2023 (7.0%), the CPI increase for the March Quarter 2023 to March Quarter 2024 (3.6%) and the CPI increase for the March Quarter 2024 to March Quarter 2025 (2.4%).

### Trade Waste

#### Trade Waste Application Fee

The Trade Waste Application Fee covers the cost of administration and technical services incurred by Council in processing an application for approval to discharge liquid trade waste to the sewerage system. The fee is related to the classification into which the discharger is assessed and reflects the complexity of processing the application.

1921	Category 1	Per application	A	\$159.60	\$0.00	\$159.60	-
------	------------	-----------------	---	----------	--------	----------	---

Liquid trade waste dischargers are those conducting an activity deemed by Council as requiring nil or minimal pre-treatment equipment and whose effluent is well defined and of a relatively low risk to the sewerage system. In addition, Category 1 includes dischargers requiring prescribed pre-treatment but with low impact on the sewerage system.

Any Category 1 or Category 2 discharger whose volume exceeds 20 kL/d may be categorised as a Category 3 discharger.
